Experiment -1

AIM: To create an AWS free tier account to provision the resources.

Description: Amazon Web Services (AWS) is a cloud computing platform that provides on-demand services such as computing, storage, networking, and databases. The AWS Free Tier allows users to explore AWS services within specified usage limits at no cost. This experiment demonstrates the creation of an AWS Free Tier account and verification of access to the AWS Management Console.

Steps:

1. Open a web browser.
2. Go to: https://aws.amazon.com/free
3. Click Create a Free Account.
4. Enter the following details:
    a. Email address
    b. Password
    c. AWS Account Name
5. Click Verify email address and enter the OTP sent to your email.
6. Choose Personal Account → Click Continue.
7. Enter personal details:
    a. Full name
    b. Phone number
    c. Address
8. Enter Debit/Credit Card details.
    a. ₹0 temporary authorization may be shown.
9. Verify your phone number using OTP.

10. Select Basic Support Plan (Free).
11. Click Complete Sign Up.
12. Wait for AWS account activation (usually 2–5 minutes).
13. Login at: https://console.aws.amazon.com.

Output:
