Experiment -2

AIM: To create a Zero-Dollar (₹0) AWS Budget to monitor cloud expenditure and receive email notifications whenever actual costs exceed $0, helping prevent unexpected charges and ensuring AWS usage stays within the Free Tier limits..

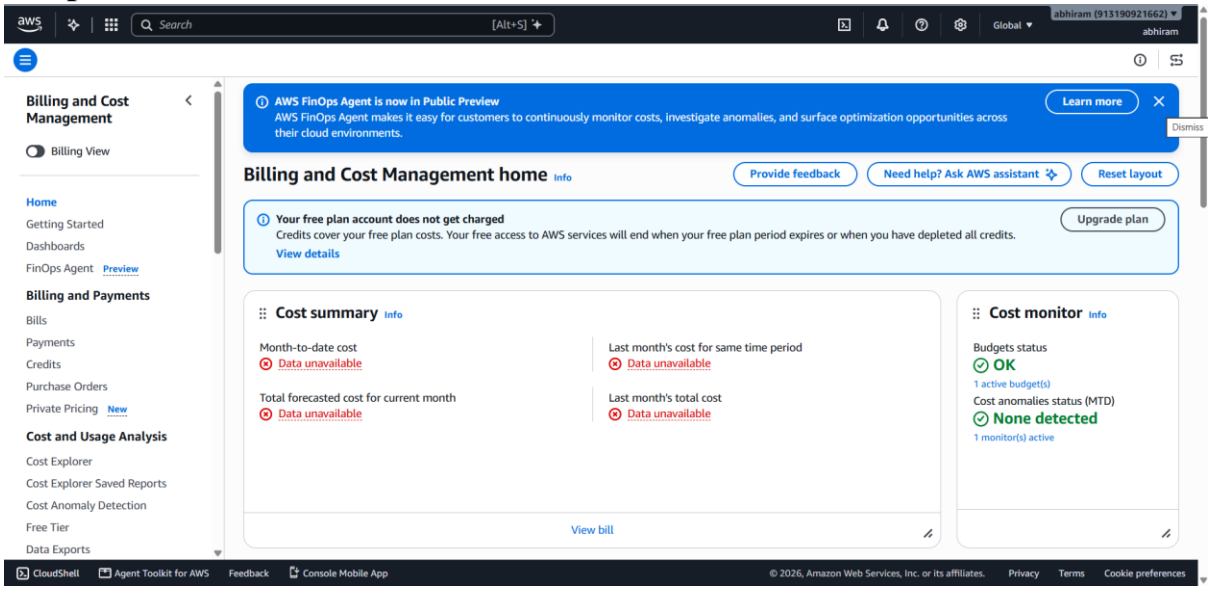

Description: AWS Budgets is a cost management service provided by Amazon Web Services (AWS) that helps users monitor and control their cloud spending. In this procedure, a monthly cost budget named Zero-Budget-FreeTier is created with a budget amount of $0 USD. An alert is configured to notify the registered email address whenever actual costs become greater than $0. This helps users track AWS resource usage, identify unexpected expenses, and manage their cloud resources effectively while staying within Free Tier limits.

Steps:

1. Login to the AWS Management Console.
2. In the top search bar, type Billing and open Billing and Cost Management.
3. From the left navigation pane, click Budgets.
4. Click Create budget.
5. Select Cost budget → Click Next.
6. Budget Configuration
7. Enter Budget name: Zero-Budget-FreeTier.
8. Set Period: Monthly.
9. Set Budget effective dates:
10. Start date: Current month
11. End date: Leave empty (ongoing)
12. Under Budget amount, enter:
13. Amount: 0
14. Currency: USD (default)

15. Scope (Optional but Recommended)
16. Keep default settings (applies to entire AWS account).
17. Alerts Configuration
18. Click Add alert threshold.
19. Configure alert:
20. Threshold type: Actual costs
21. Alert condition: Greater than
22. Amount: 0 USD
23. Notification:
24. Email recipients: Your registered email ID
25. Click Next.
26. Review and Create
27. Review all settings.
28. Click Create budget.
29. Verification
30. Budget Zero-Budget-FreeTier appears in the Budgets list.
31. When any cost is incurred (> $0), an email alert will be sent immediately.

Output:

Set budget amount

Period | Info

Monthly

Budget renewal type

- Recurring budget
  Recurring budgets renew on the first day of every monthly billing period.
- Expiring budget
  Expiring monthly budgets stop renewing at the end of the selected expiration month.

Start month

Nov 2026

Budgeting method | Info

Fixed
Create a budget that tracks against a single monthly budgeted amount.

Enter your budgeted amount ($)

Last month's cost: $0.00

0.01

Budget scope Info

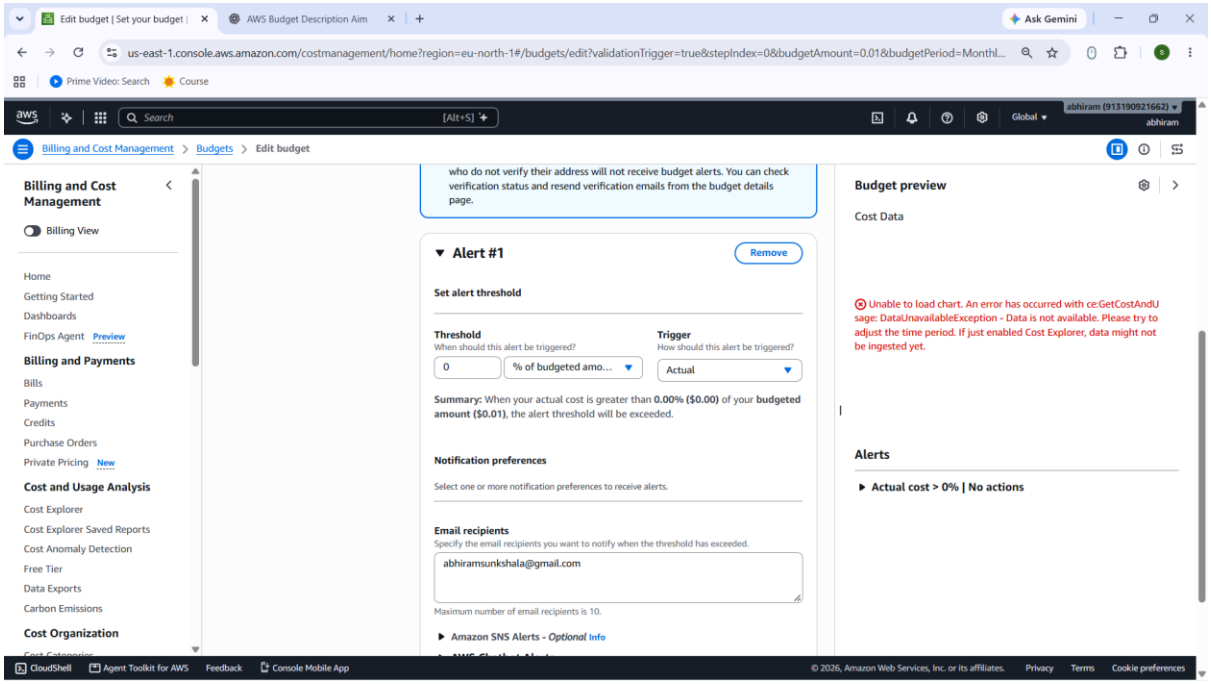

Add filtering and use advanced options to narrow the set of cost information tracked as part of this budget

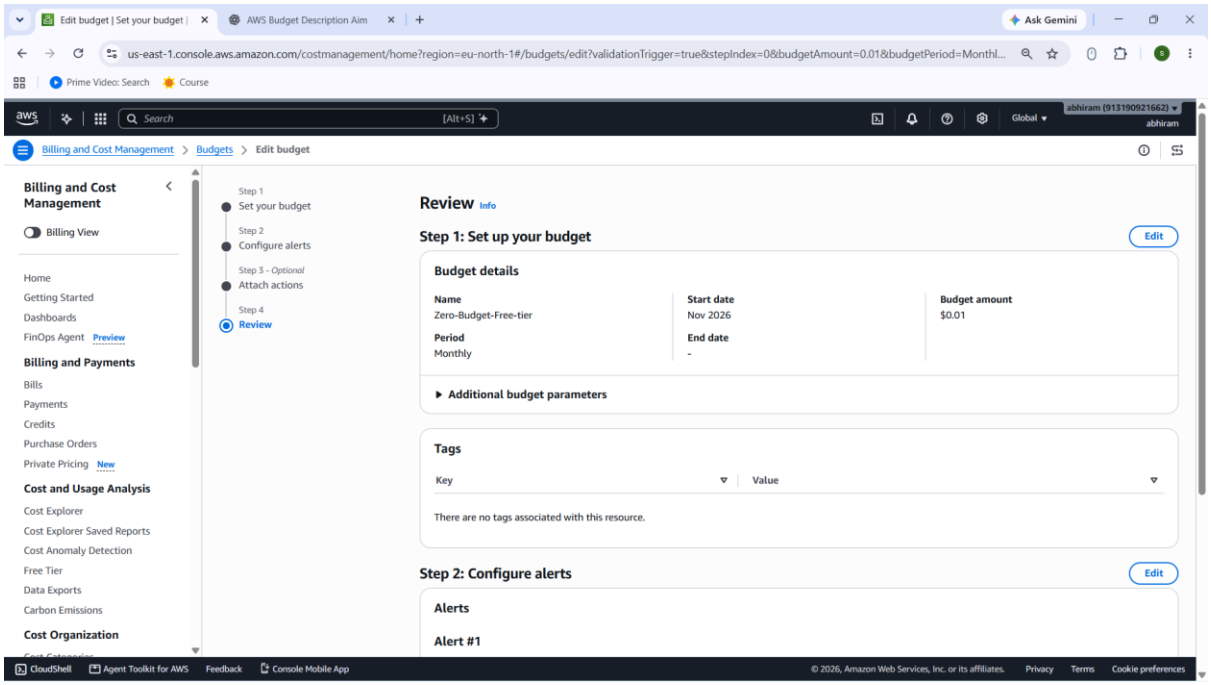

Scope options

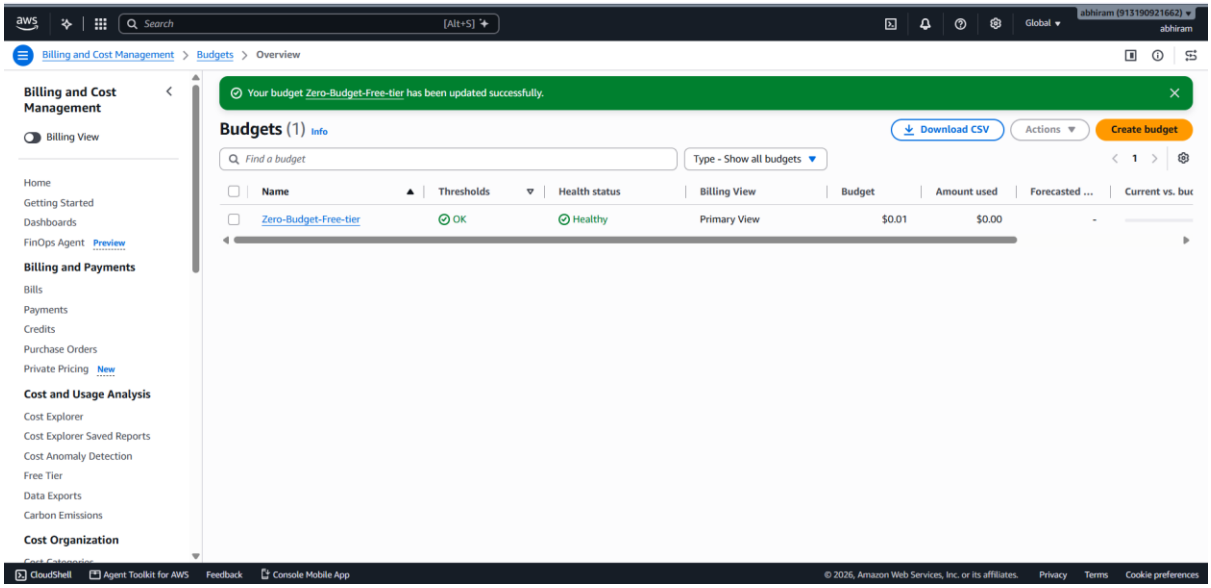

- All AWS services (Recommended)
  Track any cost incurred from any service for this account as part of the budget scope
- Filter specific AWS cost dimensions
  Select specific dimensions to budget against. For example, you can select the specific service "EC2" to budget against.

Filters Info — Remove all

Charge types excluded (2) — Remove
